Mr. Scott Nelson
United States Environmental
Protection Agency
FAX 202 564 0073

Dear Scott,

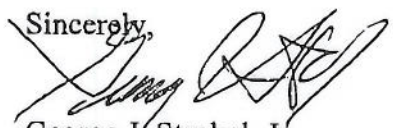

Last October you contacted me and informed me Marjan, Inc. is required by 40 CFR Part 262, Subparts E and H, to annually provide the United States Department of Environmental Protection with a summary of hazardous waste exported in the previous calendar year.

During 2012 Marjan, Inc. exported waste tin/solder flux to Canada. The waste was shipped by United Industrial Services and received by Stablex Canada, Inc. The shipments are summarized as follows:

Date	Quantity (Gallons)
03/05/2012	605
06/28/2012	605
10/31/2012	660
2012 Totals	1,870

I do not know who else to contact regarding this matter. If you are not the proper person and cannot forward the information to the proper location I would ask you to please contact me and let me know where I can find this information. Thank you for your help.

Sincerely,

George J. Strobel, Jr.

Treasurer
